Every 10 minutes of play you place on a remote island where you pit against 49 players, all looking for survival. Players freely choose their starting point with their parachute, and strive to stay in the safe zone for as long as possible. Drive vehicles to explore the huge map, hide in the wild or be invisible by proning under grass or gorges. Ambush, snip, survive, there is only one goal: to survive and answer the call. [Survival shooter in its original form] Look for weapons, stay in the play zone, loot your enemies and become the last man standing. Go for legendary airdrops along the way while avoiding air strikes to get that little edge against other players. [10 minutes, 50 players, epic survival goodness awaits] Fast and Lite gameplay - Within 10 minutes, a new survivor will emerge. Are you going beyond duty and you're the one under the shiny life? [4-man squad, with in-game voice chat] Create squads of up to 4 players and connect with your team at first. Answer duty and lead your friends to victory and be the last team at the top. [Clash Squad] Fast 4v4 game mode is now open 24/7! Manage your economy, buy weapons and defeat the enemy team! [Realistic and fluid graphics] Easy-to-use controls and fluid graphics promise the best survival experience you'll find on mobile to help you immortalize your name among the legends. Developers have created this app to provide unlimited experience of free fire to players. Great characters and graphics from Free Fire Hack Apk are enough to attract player toward this game. To put it plainly, the locked items in the Free Fire Official Version are unlocked in the Free Fire MOD APK. Now you can play this game without any restrictions and win the game every time. Because in this game, great features like Wallhack, Aimbot are provided for you. This feature makes your enemies target and shoot yourself. This way, you can easily kill all your enemies in the Free Fire Hacked APK and become the winner in the game. GAMEPLAY lets you play Free Fire by collaborating with up to four of your friends. Although free fire game has many modes, but Classics and ranked fashion are quite famous. In these modes, you'll get a lot more new features, improving the way you play your game. When you start the game and if one of your partners is unable to accompany you, then the area where you wait with all your colleagues is called the waiting area. When all your companions come online, they are taken to an island by being on the plane. From where to jump on this island. You hit the ground with the help of a parachute. If you parachute to the ground, you don't have a weapon. But you get guns, clothes, medical kit, and many other things in the houses of this island. So always remember that when you land on a parachute, keep in mind that you should always land in a place where the house is more. If you have everything, you have to kill your enemy. The more enemies you kill, the more likely you are to win in this game. If one of your partner is beaten while playing the game. So you have to revive it in 30 seconds. If you do this, your partner won't die, but his health is declining. Your partner should use a medical kit so that your partner continues to play with you. While playing free fire you need to be in the play zone. Let me tell you that the circle of play area is getting smaller and smaller and you never have to go out of the blue zone. If you get out of this blue zone, you're out of the game. To win in free fire game you have to live to the end and you have to kill your enemies. To increase your performance in this game, you need to apply a better rifle grenade and scope to the rifle. That makes you easier to kill your enemy in the game. If all the players in your team except that you die, and you win that game only then your entire team will be considered the winner.
